

# Sezgin Aslantaş

## Frontend Developer

### Work Experience

#### Web Developer BRT

(April 2022 to Now)

I undertook the management of the web site design and coding works of Turkey's largest prefabricated pool and pool materials manufacturer. I did both the interface and management panel coding of the company on my own.

Programming languages I used: Html5, Css3, Javascript, JQuery (PDO)

#### Junior Frontend Developer Global Medya

(February 2021 to March 2022)

Global Medya was a web agency company that prioritized customer service. I was working as a junior frontend developer in this company. I was communicating with customers, designing and coding their websites according to their requests.

Programming Languages I used: Html5, Css3, Javascript, JQuery

#### Web Developer and Digital Marketing Specialist Turkmahall

(October 2020 to February 2021)

I designed and coded the interface and management panel of the company's website. I did SEO & SEM studies to make it stand out in Digital Media.
